## Junior College Discussed At Centerville

The proposal to establish a county-wide junior college district, to be voted on at a special election December 14, was analyzed at the regular Tuesday luncheon meeting of the Centerville Chamber of Commerce at the California Inn. Rock LaFleche of the county school superintendent's office, spoke briefly in support of the district.

**Twenty-six hundred students from Alameda County now are attending public junior colleges in other counties, he stated. Alameda County is reimbursing these counties in the amount of $375,000 a year.**

If there were one or more junior colleges in this county, LaFleche said, these 2,600, and an estimated 1,400 more, would attend.

Junior college costs approximately $300 per year per student. State aid to junior college districts is available on the same program which applies to elementary and high schools—amounting to $90-$100 per year per student.

**A junior college district may levy a minimum tax of 35 cents per $100 assessed valuation. Average tax rate in existing districts, however, is 22 cents per $100.**

The proposed district would comprise all of Alameda County and a small part of Contra Costa County north of Pleasanton.

After LaFleche had explained the proposal, the meeting was opened by President Allan Walton for questioning. Concern was expressed as to whether a junior college actually is needed in view of the proximity of Southern Alameda County to San Jose and peninsula cities where there are junior colleges.

It was indicated that if such an institution were established in Oakland or Berkeley, commuting distance would give no advantage to this area.

**LaFleche stated that a district could establish more than one campus, but that no commitment as to locations could be made before the district was set up.**

### DE GUADALUPE WILL HAVE CHARITY PROGRAM

### THORNTON AVENUE NOW COUNTY ROAD

Thornton avenue, extending from Main street in Centerville to the Dumbarton road in Newark, has ceased to be a state highway and is now a county road, the Newark Chamber of Commerce was advised this week by County Surveyor Wallace B. Boggs.

The information came as the result of a request to the state highway department that a stop light be erected at the corner of Sycamore and Thornton. The county now has authority to erect the sign.

A street committee was appointed to work toward paving of streets from curb to curb. On the committee are: John Oliveira, Ed Bimemiller, A. W. Cotton, Frank Veit, Chester Gunn, Jack MacGregor. Paul Gygax, and S. G. Scott.

## ACCIDENT BRINGS DEATH TO WORKMAN

Cruz Martinez, 43, of Decoto, died Tuesday at a San Jose hospital following injuries received in an accident at the Pacific States Steel Corp. plant.

Martinez, working on the early morning shift, was crushed by a bail used for lifting ladles. The Dallas Paul ambulance was summoned immediately from Centerville, and he was taken to San Jose for hospitalization.

The accident marks the first fatal injury at the plant, according to officials of the steel company. In an effort to prevent accidents, the company employs a safety engineer and sponsors safety campaigns among employees.

Martinez, a native of Guanimaro, Mexico, is survived by his wife, Mrs. Candelaria Martinez; his father, Jesse Martinez; three brothers, Jose, Miguel and Manuel Martinez, all of Decoto, and a fourth brother, Esmile, residing in Merced.

Funeral services were held from the Berge Mortuary Co., Niles, at 9 a.m. yesterday, with requiem mass at 9:30 in Corpus Christi Church.

Burial was in Holy Sepulchre Cemetery, Hayward. Rosary was recited at the mortuary Wednesday at 8 p.m.

### NILES CHURCH TO FETE COMPLETION OF NEW WING

In celebration of the completion of the new youth recreation hall, an addition to the Niles Congregational Church, the church is holding a de luxe dinner ($5 per plate) on December 14, which will be open to the public.

The dinner will be served in the new hall, the completion of which has been set tentatively for December 10.

The program, appropriately enough, will be planned and put on by the Youth Fellowship. Proceeds from the dinner will be used to pay off the building debt.

The dinner committee is comprised of Mmes. Reginald Calhoun, Glen Mohn, Paul Offel, and Robert Wright.

### MIGUEL WILL PLEA IN NILES COURT

Arthur Miguel of Oakland will appear in the Niles Justice Court today to enter plea to an annoyance charge involving three young girls of Decoto.

On September 24 he was tried before a jury in the Niles Court on the charge, the jurors failing to agree. The defendant is represented by Attorney Joseph R. Deasy of Oakland.

### LOCALITES VISIT HOME OF OUR LADY OF FATIMA

On Monday, November 15, members of S.P.R.S.I. No. 105, Irvington, visited the Home of Our Lady of Fatima in Saratoga. The Home is owned by the Dominican Sisters and headed by Sister Maria Isabel who was the first grand president of the S.P.R.S.I.

Those who enjoyed the day in Saratoga were: Lucille Day, Mary Bettencourt, Theresa Levada, Aldina Rego, Mary P. Leal, Mary C. Perry, Mary Gularte, Mary B. Bettencourt, Mary Rose, Minnie Silva, Ann Leal, Beatrice Enos, and Mary L. S. George, deputy to the Irvington Council.

## NEWARK SCOUTS WIN FIRST PLACE AT BIG RALLY

The Newark Boy Scouts are jubilant this week, and they have a good reason for being so. Competing with all other troops in the township at the big Boy Scout Rodeo held at the high school in Centerville Tuesday evening, they captured the trophy, a handsome cup, away from Niles, which had won it for two straight years. Had the Niles troop won this time, the cup would have been theirs for keeps.

Niles put up some very stiff competition, however, and came in for second place, trailing Newark by only three and a half points.

Newark won the cup and the first place pennant with 72½ points; Niles, second place pennant, 69 points; Irvington, third place pennant, 68 points; Decoto, fourth place, 65½ points; Centerville, fifth place, 64 points.

Here is how the different troops ranked in events: First Aid, Centerville, Newark, Niles, Decoto; undressing race, Centerville, Niles, Irvington, Decoto; communications, Irvington, Centerville, Newark, Decoto; knot-tying, Irvington, Newark, Decoto, Niles; comedy act, Niles, Decoto, Irvington, Newark; fire by friction, Niles, Newark.

Irvington came in first for troop yell, followed by Decoto, Newark, Centerville; fire by flint, Niles, Decoto, Newark; and judging, Niles, Newark, Centerville, Irvington.

The welcoming address for the annual affair was given by Judge Allen G. Norris, followed by Rev. Donald Kirkbride who talked to the boys on the values of Scouting.

Acting as judges were the Scoutmasters from each troop, with Jud Taylor the head judge. Other Scouters who helped were L. Lewis, John Cattaneo and Don MacDougal.

Fred Duffie was chairman of the rally and was assisted by Phil Sousa

### CENTERVILLE BOYS HELD FOR SHOOTING

Two teen-age Centerville youths were taken to the Alameda county detention home last Friday following their arrest for the promiscuous use of firearms, the Hayward sheriff's office reported.

The youths allegedly fired a .22 rifle through a caboose window of a west bound Southern Pacific train in Centerville west of Blacow road last Friday at 11 a.m. The conductor, A. B. Smith, narrowly missed being hit, deputies said.

The parents of the youths, one 15 years old and one 16 years old, were issued juvenile citations.

### 4 DECOTO YOUTHS IN COURT TODAY

Four Decoto youths will appear in Centerville Justice Court tomorrow morning to enter their pleas on charges of rape. They are Fred J. Sandoval, Joe R. Gutierrez, Bernard G. Perez and Manuel R. Baca.

They were arraigned in the court last Friday, when bail was set at $1,000. The crime was alleged to have been committed November 5. Complaints against the four were signed by Rosalie D. Canady of Hayward.

### TRICKY MIXER SITS UP AND . . .

**You've seen it in the movies, and you've seen pictures of it in the magazines . . . a daredevil driver going off a cliff and through fire, and that sort of thing.**

**But—as we've often said—Washington Township has everything. And we've got a man who can do tricks with a car. Only he does it the hard way—with a concrete-mixer truck.**

**Last week Andy Anderson, who drives one of those ready-mix outfits for Bud Meeker of Niles, stood one right up on its hind legs. It didn't bark—but maybe Andy did.**

**He was going up a steep hill back of Mission San Jose. It was too steep. The truck stopped—and just sat down. Of course, when a truck sits down the driver sits up in the air with the front end. Way up.**

**Andy and the truck both were working again this week. But since that episode they have a peculiar way of regarding each other.**

## POLIO PROPORTIONS ARE NOT ALARMING

"Poliomyelitis cases in this area, while higher than normally expected in November, have not reached alarming proportions," accring to Dr. James C. Malcolm, health officer, Alameda County Health Department. In Southern Alameda County, an area in which there are 130,000 people, there have been 35 cases of polio since last January 1.

Generally the number of cases of polio increases in the summer months and decreases in the fall. this year there were very few cases in the summer months in this area, with an increase in October and November. In counties in the southern part of the state, the disease reached epidemic proportions in the summer months, but this has not been true in Alameda County.

Adequate facilities for isolation and care of poliomyelitis patients have been available in Highland Hospital. Public health nurses have made home visits to families of patients and family contacts have been quarantined for two weeks. Recent medical practice has shown that it is not advisable to close schools or public gatherings when there are cases of polio present. There has been no greater hazard in school attendance than in staying at home.

Early symptoms of poliomyelitis are similar to those of many childhood diseases: fever, headache, nausea, upset stomach, muscle soreness. As in all illness, parents should observe their children closely and call the family doctor if they do not seem well.

## NEWARK CLUB TO PETITION COUNTY FOR BETTER ROAD

"A petition will certainly expedite matters," was, in effect, the reply of Supervisor Chester Stanley to a letter written to him by the Newark Women's Improvement Club concerning the deplorable condition of Ash street. The street is being used constantly by commercial vehicles, according to the residents, and the dust situation—unalleviated by any rain so far—is becoming intolerable.

Stanley agreed that the section from Ash and Railroad to Wells needed oiling badly, but he stated that the strike had held things up. He approved the idea of a petition, saying that it would probably put Ash in the "must do" category once oiling of roads got under way again. Mrs. Norma Snow Willburn was appointed to take charge of the petition.

Also up for discussion at the Improvement Club meeting was the suggestion that the club acquire a piano for the Youth Center. The donation of a piano would, of course, be most acceptable. In lieu of that, however, the club is prepared to pay a fair price for a piano, feeling that the need for one is urgent.

The next get-together of the club will be a dinner at the International Kitchen, followed by a Christmas party and exchange of gifts at the Youth Center, on December 14.

### FORMER IRVINGTON WOMAN DIES AT 100

The death of Mrs. Clara Florence Amaral, who died early Saturday morning, was mourned by many relatives and friends here in the township.

Almost a hundred years old, the deceased had spent 47 of those years in Irvington. The last five years were spent with a daughter in San Jose, who cared for her while she was ill.

She is survived by the following sons and daughters: Joe, Enos and Manuel Amaral, and Louise Brown of Irvington, Tony Amaral and Mary Goularte of Sunnyvale, and Virginia Rodriguese of San Jose.

She is also survived by 26 grandchildren and 47 great-grandchildren. She was a native of the Azores Islands.

Funeral services were conducted from the Berge Mortuary, with mass at St. Joseph's Church in Mission San Jose and interment at the Mission San Jose Cemetery.

### DEATH OF INFANT

A blessing was recited at the Berge Mortuary Thursday for Daniel Avilla, two-month-old son of Mr. and Mrs. Robert Avilla, who died at an Oakland hospital. Interment was at St. Joseph's Cemetery.

## WHO SAYS THE WEST ISN'T STILL WILD?

* * * * * * * * *

### 10 BOB-CATS IN A WEEK IS PROOF ENOUGH

Who says the West isn't still wild? If any of the big game hunters want some true sport, they should abandon the long trek to Africa and confine their hunting to the Livermore and Mission San Jose hills!

Last week The Register printed a photo of Michael Overacker and the mountain lion he trapped at his ranch in the Mission. This week The Register's roving reporter came eye to eye with a bob-cat right on Main street in Niles!

The bob-cat, to be sure, was in a cage on the back of a truck owned by Frank Costa, the trapper, but the animal was as snarling and as excitingly vicious as any you'd hope (?) to see. It had been trapped by Frank on the Myron Harris 5000-acre ranch at Sunol.

The swarthy trapper, who has been trapping around these parts ever since he was a boy of twelve, stated that he has trapped as many as 10 bob-cats a week on the Harris ranch, where he is employed.

**And what does he do with the slinky feline creatures? "Well, most of them I sell to Chinamen. They eat them," Frank said matter-of-factly.**

**"And—and how do they—er—prepare them?" asked your reporter, flinching a little at the thought, but wanting to give the readers the complete story.**

**"Shucks," said the trapper, "they just dunk 'em in a barrel of scalding water, then pluck 'em just like you would a fowl."**

The subject was becoming too grim. We left it there, and went on to other animals that Frank had trapped on the ranch.

"Well," he drawled, "we have 80 traps set at the ranch. We trap grey foxes, pole-cats, skunks, mountain lions, and, of course, bob-cats. They all prey on the cattle and fowl on the ranch."

**Frank's most hazardous adventure during his days of trapping happened when a mountain lion broke loose from the trap. "I didn't waste any time," he said. "I just started running. The lion must have been as scared of me as I was of him, because he started running too—in the opposite direction. Mountain lions," he continued, "are the only animals around here on which you can collect a bounty."**

# County Moves To Require Permits For New Gravel Plants

**The Alameda County Planning Commission, meeting Tuesday at the court house in Oakland, took first steps toward regulation by use permit of new gravel operations in Alameda County.**

**The commission, according to Chairman R. J. Wright of Irvington, will hold hearings on December 21 and January 18 at the court house to hear any objections to the amendment of the county zoning ordinance requiring use permits for such operations.**

Action of the commission, which following the hearings may recommend to the board of supervisors that the ordinance be amended, was in response to a request by the Niles Chamber of Commerce that regulation of new gravel excavations be undertaken by the county.

Concern over increasing excavation of gravel in Washington Township was expressed at the last Niles zoning meeting, at which was made request to the planning commission asking that the present zoning ordinance be used to require permits for new operations.

However, according to John J. Thomas, secretary to the county planning commission, the county district attorney has ruled that the present zoning ordinance sets up no authority for requiring permits of gravel excavators.

It was in view of this possibility that the Niles Chamber of Commerce requested that the planning commission recommend amendment of the ordinance by the supervisors, to require permits, before the issuance of which public hearings would be held so that objections to new operations could be heard.

## STATE FAVORS PARALLEL BRIDGE

A recommendation that a parallel bridge, with approaches on each side of San Francisco Bay, be constructed, was made at Sacramento by Ralph Tudor, chief engineer of the division of San Francisco Bay toll bridge crossings to the California Toll Bridge Authority this week.

Tudor recommended that the proposed Southern Bay crossing from Alameda to San Francisco, be deferred until it can be financed.

His report was based on ten months of studies and investigations which developed that the total cost of a parallel bridge, including rights of way and engineering, would be $155,014,000. Cost of the proposed Southern Crossing, he said, would amount to $178,-821,000.

Plans can be completed, and construction of a parallel crossing bridge started by March, 1950, Tudor said, unless unforseen delays arise.

The proposed bridge would be parallel and north of the existing San Francisco-Oakland Bay bridge. The approaches would include a tube under the Oakland estuary with connections to the East Shore Freeway and the City of Alameda.

"The existing bridge," he said, "is approaching its ultimate capacity. Relief with a parallel bridge would continue until at least 1970."

### NILES WOMAN IS ASSAULTED BY TALL STRANGER

"I was out walking my little dog—a Pomeranian—and had just entered the yard of my home, when suddenly a man jumped out at me from behind a shrub, yanked my head by pulling my hair, then hit me over the back of the neck. I don't remember anything after that." Mrs. Gladys Crane of Niles was relating her experience of last Thursday night.

"It was about a quarter to seven. When I first saw the man—a tall fellow wearing a long overcoat—I let out a scream. A neighbor heard me scream. By the time she came running out the man had disappeared. I was unconscious by that time," went on the well-known local woman, who has now recovered from her unusual and harrowing experience.

There has been no clue thus far concerning the identity of her assailant.

### COUNTY APPOINTS DUMP COMMITTEE

The Alameda County Board of Supervisors, in recognition of protests made by organizations all over the county including the Chambers of Commerce of Niles, Centerville, and Irvington concerning indiscriminate dumping of garbage, yesterday announced the appointment of a "garbage disposal investigation committee."

It will be the duty of this committee to decide on sites for refuse dumps.

Those appointed to the committee are as follows: Dr. S. F. Farnesworth, health officer of Oakland; Gordon Burt, city manager of Hayward; Wesley McClure, San Leandro city manager; Dr. James Malcolm, health officer of Alameda County; and Wallace Boggs, county surveyor.

### ST. JAMES' HOST TO DELEGATION

The Guilds of St. James Episcopal Church, Centerville, were hosts November 10 to the Episcopal delegation attending the National Convocation on the Town and Country Church in San Jose Nov. 9-11. Twenty-seven delegates from various western states, including Bishop Sumner Walters of the Diocese of San Joaquin, were present.

Preceding the dinner a business meeting of the delegation was held in the church at which Rev. J. R. Pickells of Chicago spoke.

### ST. JOSEPH'S BAZAAR OPENS TONIGHT AT MISSION

### WEEK-END ON COAST

Mr. Joseph Telles, accompanied by his grandson, Stanley Garcia, and Stan's mother, Rosalyn, who chauffeured, went to Bodega Bay over the week-end. It was a nice trip, in spite of the cold that Roe managed to run into.

### VACATION IN SOUTH

Mr. Michael Luther, Miss Louise Correia, Mrs. Alois Schneider and daughter, "Cookie" Rosemary, are vacationing in southern California at San Diego, Mexico, Palm Springs, and taking a "look see" at all the Missions along the Mission Trails. They are expected back this week.

### BUY BARNETT PLACE

Mr. and Mrs. Cove, Georgia and George to their friends, have purchased the Barnett place on the highway near St. Joseph's Cemetery, where they expect to build a nice country home. They have only a garage on the place now but, like a lot of others, it will serve as shelter until the home is finished.

### WEEK-END HERE

Three-year-old Vicki Jay Kamp and sister, Teri June of Placerville are spending a week at the home of Nana Bottenberg while Mommie and Daddy Kamp are on vacation in Oregon. Vicki, who was supposed to undergo surgery last week, has had her appointment cancelled till some time in December. Mrs. Kamp is the former Elaine Justus.

### SEWER FINISHED

Well, at least two of our streets are ready for use. I expect you are wondering what I am talking about. It is that blasted sewage set up. We really are very glad even those two back streets are ready for use and before long we are all hoping that the rest of the town will be as fortunate. They sent a four-inch rubber ball through the lines and all is in readiness for our fortunate back street residents.

### VISITORS

Mr. and Mrs. Floyd H. Cross and family of Redwood City spent Sunday afternoon at the Bottenberg home with Mrs. Elsie Wilcox, and later went to the Daniel Cross home on Durham Road, where they visited with Mr. Cross, who has been quite ill with a strepp infection.

### HOME FROM HOSPITAL

Our own Miss Abbie is home from the Alameda Hospital and doing "fust rate." She is able now to sit up in bed for her meals and receive visitors. It is very good to have her back and here's hoping she is up and out doors before many more weeks as we miss seeing her happy smile and cheery hello.

### IN HOSPITAL

While Mommie Eva Mayer of Irvington is in the hospital in San Jose undergoing observation, her little son, "Butch," is staying with Aunt Emily Garcia, Uncle Tony and Edith Rogers. Eva is quite ill and all her friends hope that she will be back on the "happy go lucky" list before very long. Papa Frank Mayer goes daily to see her at the hospital.

### ON SICK LIST

Seems that this week we see a lot of our folks in the hospitals. Miss Mary Edith Santos, daughter of Mr. and Mrs. Antone Santos Jr., underwent a tonsilectomy on Tuesday; Mrs. Sarah Souza, wife of Tony Souza of Bryant street, is at San Jose Hospital, where she underwent a major operation; Little Carol Lee Bonner is home and doing nicely following a recent tonsilectomy. Besides there are many cases of flu and bad colds in the town.

### THANKSGIVING SERVICE AT NILES C. S. CHURCH

These verses from II Corinthians will be read in The First Church of Christ, Scientist, in Niles, on Thanksgiving Day, as part of the specially prepared Lesson-Sermon on the subject, "Thanksgiving."

The service on Thursday morning will include, in addition to the Lesson-Sermon, the reading of the Thanksgiving Day Proclamation of The President of the United States, a solo, and congregational hymn singing.

First Church of Christ, Scientist, is located at Second and E streets, opposite the Memorial Building, Niles.

## VIOLIN SENSATION TO BE IN SAN JOSE

Tossy Spivakovsky, the widely-acclaimed violinist who was the musical sensation of San Francisco last season, will play in the auditorium, San Jose, on Monday night, November 29. This young violinist so excited the wildly applauding San Francisco audience last year that Alfred Frankenstein wrote in the San Francisco Chronicle, "At intermission there were only two questions asked—was this the best since the sensational debut of Heifetz 30 years ago, or was this just the best, period? You can answer either question in the affirmative so far as this department is concerned."

Following Spivakovsky, the Ballet Russe de Monte Carlo will give one performance in the San Jose auditorium, the large company of 125, headed by Danilova and Franklin, with symphony orchestra, showing "Madronos," the new Spanish ballet, "Gaite Parisienne," and a "white" ballet.

Tickets for both events are on sale at the Denny-Watrous box office, San Jose auditorium.

## THE TAIL END

Whenever a problem of county-wide interest arises in Alameda County, we in Washington Township are made to realize one fact—which always is brought to us quite strongly. We are the bob-tail end of a metropolitan county.

For example, consider the proposed second crossing of San Francisco Bay. Unquestionably, the southern tube-trestle crossing recommended by the Army and Navy and supported by the city of San Francisco would be most advantageous to southern Alameda County. But Oakland and Berkeley want a parallel bridge. So, according to this week's news, we're going to get a parallel bridge—whether we want it or not.

Take the proposed junior college county-wide district as another instance.

Here in southern Alameda County it might be better, due to commuting distances, to be included in a junior college district along with Santa Clara County, rather than to be included in an Alameda County junior college district. No doubt the proposed district's first thought would be to establish a junior college in Oakland or Berkeley. That would be of little use to us. But there aren't enough of us down in this end of our big county to raise much fuss about it.

We're included in the county-wide proposal whether we want to be or not—and our small number of votes down here will be inconsequential in the decision in the special election on December 14.

Recently the Oakland Chamber of Commerce took the lead in organizing an Associated Chambers of Commerce of Alameda County. Why? Because Oakland wants to set up an urban planning commission to supersede the Alameda County Planning Commission on matters of zoning. They want to zone us for various specific land uses whether we want to be zoned or not.

Now, we believe in zoning (and can show black-and-blue evidence of our belief in it), but we want our own zoning handled by our own people. We don't want the other end of the county to run our show.

Don't misunderstand us, however. Alameda County is a fine place and we're happy to be a part of it. Just remember—we're a small part in population, although a large part in area.

A dog's sore tail doesn't like to be touched too roughly. And if the tail is sore, the dog is quite constantly aware that it has a tail and pays a little attention to it.

We're the bob-tail end of this county, population wise. And while we don't want to wag the dog, we want the dog to be careful how it wags us.

It's a good thing to remember.

## THE HEART OF THE TOWNSHIP

This week at the Irvington Chamber of Commerce meeting one of the members pointed out an example of immediate financial need by a family. Contributions were accepted—not asked for—and a hat was filled with folding money.

At one of the local plants last week the same thing happened.

In each case considerable sums were raised. Effortlessly. Everyone was anxious to give.

As a people we've tried, in recent years, to give the county, the state, and the federal government the burdens of charity. But the human heart can not delegate its feelings. And all of us like to be friends in need.

## Thinking Things Over...

By VIVIAN BATMAN

### IT'S PARTY TIME

If you can imagine such a thing—there are still people today who send out announcements or invitations in the regulation fashion. I mean, if they send out a birth announcement it is just a plain announcement on a card, telling that a baby was born, where, when, and how much it weighed.

**Imagine anyone being so naive and old-fashioned as to send out that type of an announcement when anyone who keeps up on things knows that you simply must be different these days. Think up something cute! Send out a piece of flannel folded in the shape of a diaper, or a baby bottle, or—if you can afford it—bassinets. Of course your friends, unless they have babies of their own, will not know what to do with these articles. But who cares? They will know you are clever and original.**

And now about invitations to parties. Surely you are not so lacking in enterprise as to send out an invitation that states simply: "You are invited to come to a party at my house on the night of blank-blank on the hour of blank." Heavens, no!

If it is a cocktail party, you can mail a cocktail glass—or a dozen glasses if you are affluent—to each invited guest with the invitation written on the glasses. Cute idea, isn't it? You don't think so?

**Now suppose you are not addicted to liquorish parties, but go in for the more simple type of entertaining, such as a barbecue. In that case, why not have husky filet steaks sent to each invited guest, with the invitation lettered on the steak in artistic letters of fat? Nice idea, and your guests will love you!**

Just plain weiner roasts can be handled a little differently too. You can send a weiner bun. Rolled up in the bun, simulating a weiner, will be a cardboard invitation, written in mustard color ink. Brilliant!

**For a luncheon, why not send each guest a can of alphabet soup, with the hint that an invitation is hidden in the right combination of letters. What fun they'll have! They may never get to the luncheon, but you've proved your originality, which is all that matters anyhow.**

Now that Thanksgiving is almost at hand, I have thought of a couple of cute ideas for invitations to Thanksgiving dinner. How about mailing each guest a turkey wishbone, with a little tag saying, "Wishing you could come to Thanksgiving dinner." Or why not send a turkey wing to your prospective guest saying "This invitation comes winging its way to you."

If anyone is giving a party this holiday season, and runs out of ideas for invitations, don't hesitate to call on me. I have several other dandies here.

### IT 'SCENT' US!

I know, M. F., that you don't approve of Macy's, but did you see their ad in last Sunday's Chronicle? What a sensation! A full page ad for a soap, with the scent of the soap right in the ink or the paper, or however they do it. But don't any of you local advertisers get any such ideas for an ad in The Register. A heady scent like that wafting around this office would likely lure us all off into the fields to pick daisies. It's that potent!

## CLERK WILL HELP PRECINCT CHECK-UP

Cooperation of the County Clerk's office in correcting inaccuracies in assigning voters to various precincts was expressed this week in a letter from County Clerk G. E. Wade to Secretary Vernon Ellsworth of the Niles Chamber of Commerce.

The Chamber of Commerce had inquired of the clerk's office as to re-precincting of the Niles area so that voters could cast their ballots at the precincts nearest their homes.

The county clerk replied that his office would be glad to make whatever corrections might be advised, and would work with a committee of the Chamber in reviewing the entire precinct register.

"No Critter ever made Them Tracks"

(Today's Covered Wagons roll on Rails of Steel)

Across America the hoofprints of plodding oxen have long since given way to rails of steel. Today this vast, steel-shod network amounts to 398,000 miles of track.

To withstand the terrific pounding of modern trains, rails must be strong and safe. Today's rails average 15 years of main line service, and many additional years of service on secondary lines.

By improving their technology steel companies have produced better steel rails at lower cost. Their price is now only one-third the price of the first rails produced in America.

In railroad steel, as in other steel products, the industry is setting new production records this year. Railroads are getting a third more steel than they used before the war.

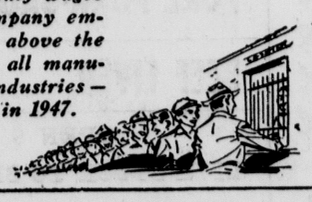
Supplying this steel for rail transportation, the steel companies make possible:

**For You**—quick, safe service;

**For Steel Workers**—jobs and good wages;

**For Everyone**—better living.

IN THE NEWS ... *Year by year weekly wages of steel company employees are above the average for all manufacturing industries—13% higher in 1947.*



IN THE NEWS ... *From 1939 to 1949, American steel mills will have added 15,000,000 tons to productive capacity. That increase alone is nearly 1,000,000 tons greater than total British production of steel in 1947.*

## Somebody—at Last!—Remembers A Groom

Something novel in the way of showers occurred last Friday in the social rooms of the Niles Congregational Church. The shower was not for the bride—who has had plenty of them in her own right—but for the bridegroom!

The Rev. Donald Kirkbride, whose wedding to Miss Miki Mohn will be solemnized on December 3, was the happy and surprised honoree. Attending a meeting of the Sanford Circle of the church, he was astonished to find that it was not a regular meeting, as such, but a social occasion for his benefit. He was "showered" with gifts of all kinds—some personal, some practical—from the 35 or more members of the Circle who were present.

Refreshments were served on a large table in the patio of the church, with a huge white cake serving the dual purpose of centerpiece and piece de resistance. It was decorated with a tiny figure of a bridegroom.

## Sugar and Spice

Mr. and Mrs. Tom Champion of Niles are proudly announcing the birth of their first child, a daughter, born last Tuesday morning at the Hayward Hospital.

The little lady, weighing 5 pounds and 12 ounces, has been named Linda Kathleen. Her daddy met her mother when he was serving for Uncle Sam in England during the war, the first British war bride to come to the township.

Linda's paternal grandmother is Mrs. Joe Champion of Niles. Her maternal grandparents are Mr. and Mrs. C. W. Matthews of England.

## Pajama Party Bridal Shower

A pajama party and bridal shower combination was given last Saturday night at the home of Georgia Cooper in Irvington in honor of bride-elect Miki Mohn of Niles. The girls—all former classmates of Miki's—made it an all-night affair, staying up for a 7:30 breakfast!

Miki was showered with very practical gifts—all groceries.

The girls invited to the all-night pow-wow included Miki, Georgia, Thelma Biale, Nelda Hammond, Helen Vieux, Gerry Fernandez, Charlotte Janeiro, Barbara Re, Delphine Soito and Norma Bettencourt.

## A Seventh Birthday

Little Darlene Cahill celebrated her seventh birthday last Saturday at a party given in the patio of her home in Niles.

Those present to enjoy the games and refreshments included Hal and Jerry Janssen, Mary Margaret and Billy Strong, Nancy DeValle, Judy and Linda Stapleton, Merle Vervais, Janet McDermott, Betty Lucas, and Shirley and Doris Pine.

The mothers who also enjoyed the fun were Mmes, Marjorie Janssen, Rosemary Strong, Lillian McDermott, Audrey Gilmore, Mae Monroe, Mae Pine, Mrs. Morris Stapleton, Mrs. Emma Pine and Darlene's grandmother, Mrs. Mary Duarte.

## Newark Family on Northern Trip

Judge and Mrs. E. A. Quaresma and their two oldest children, of Newark, spent a Thursday-to-Sunday vacation last week motoring up to northern California, where they visited such spots of interest as Richardson Springs, "where the food was excellent," Shasta Dam and Lassen Park. On the return trip they stopped off at Clear Lake and Calistoga.

## Dinner Guests

Mr. and Mrs. Howard Overacker of Mission San Jose hosted a dinner party last Saturday night for 10 guests. Included were Mmes. and Messrs. Earl Mackintosh, George Coefield, Michael Overacker, Ralph Logan, and Glen Jones.

## WINIFRED DIAS' ENGAGEMENT ANNOUNCED AT HER PARENTS' ANNIVERSARY DINNER

The engagement of one of the town's most comely brunets, Miss Winifred Dias, was announced at the 23rd anniversary dinner for her parents, Mr. and Mrs. F. E. Dias of Niles, at the International Kitchen last Sunday. The lucky young man is also a localite, Adolph Harold Enos, son of the late Mr. and Mrs. Manuel Enos of Centerville.

Present at the dinner to hear the happy news were the Dias family, including Winifred's young brother, Clifford; Mr. and Mrs. E. E. Dias, her aunt and uncle; her cousin, Harriet Dias; another cousin, Mrs. May Smith of Centerville; Mr. and Mrs. Leon Solon, Mr. and Mrs. Jack Geib, and Mr. and Mrs. Romeo Brunelli.

The bride-elect is a graduate of Washington High and is a student at San Jose State. Her fiance is also a graduate of Washington High, and was in the service. He is presently employed by E. E. Dias.

No date has been set for the wedding.

## Engagement Brunch

Prior to the announcement of her engagement to Mr. Adolph Enos at a dinner party at the International Kitchen Sunday evening, Miss Winifred Dias was hostess at a brunch at her home, which was attended by the following: Vivian Rose, Dorothy Jackson, Adele Bertolotti, Yvonne Young, Gerry Hernandez, Mrs. May O'Brien, her aunt, of Oakland, and Mrs. Mamie Janeiro, another aunt, of Decoto.

## From South Dakota

Mrs. M. C. Beckers of Rapid City, South Dakota, is a visitor at the home of her parents, Mr. and Mrs. Carl Mohn of Niles. She arrived a week ago and expects to be here until after Thanksgiving.

## To San Francisco

Mr. and Mrs. George Beardsley and Mr. and Mrs. Carl Christensen of Irvington were in San Francisco last Monday.

## Irvington Man In the Hospital

Al Peixoto, Irvington butcher, is in San Jose Hospital recovering from an operation which was performed over a week ago. He may be allowed to return home next week, but will probably have to spend eight months or so in a cast. His many friends in Irvington and throughout the township are extending their good wishes to him.

## Buffet Supper

Two Adobe Acres couples—the Irving Hirds and the Lyle Buehlers—co-hosted a buffet supper last Thursday evening which proved to be a very delightful occasion for the following guests: Dr. and Mrs. Merle Buehler, the Allan Waltons, the Ralph Goodwins, all localites, and Dr. and Mrs. Byron Royce of Hayward.

## Supper and Bridge

The Irving Hirds of Niles were hosts at a buffet supper and bridge party over the week-end for the following guests: Mr. and Mrs. Jud Taylor, Mr. and Mrs. Bob Moore, and Mr. and Mrs. Clyde Voorhees.

## Recovering

Mrs. Frank Mayer of Irvington is in the San Jose Hospital recovering from an illness.

## In Sierras

Mr. and Mrs. L. S. Millard are spending a few days at their cabin in Cisco in the Sierras.

## TOWNSHIP IN 'BIG GAME' SPIRIT AS MANY PLAN TO ATTEND THE BIG EVENT

Blue, gold, crimson—large, fluffy, yellow and white chrysanthemums—banners waving—crowds of people good-naturedly jostling each other—hawkers calling the wares of pennants, hot-dogs, novelties, coke—beautiful girls—smartly dressed women—martial music. Big Game!

Localites who have managed to snag a pair of the precious ducats to the big annual football fracas—this year to be held in the Berkeley Stadium—may well make use of any lull in the game to gaze out across the crowds and spot a familiar face, which shouldn't be too hard to do, as many from the township will be there.

Some of the local alumni put themselves into the Big Game spirit Wednesday evening at a pre-Big Game alumni dinner at the International Kitchen.

Among those attending were: Mr. and Mrs. Robert Zwissig, Mr. James Nunes, Mr. and Mrs. William Cavanaugh, Mr. and Mrs. Allan Hirsch, Mr. and Mrs. Lester Mann, Mr. Lester Whitaker Jr., Miss Doris Rule, Mr. and Mrs. L. E. Bailey, Mr. and Mrs. Willard Rosenquist, Dr. and Mrs. T. C. Wilson, Mrs. Edna Overacker, Mrs. Laura Whipple, Mrs. W. H. Ford, Mr. and Mrs. Bernard Brownstein, Mr. and Mrs. Roland Bendel, Mr. Donald Graham, Mr. Vernon Ellsworth, Mr. and Mrs. Harvey Granger, Mr. and Mrs. Ted Harvey.

Howard Cook, field secretary of the California Alumni Association, was the speaker at the dinner.

Officers of the local alumni association are: president, Donald Graham; vice-president, Edward Enos; secretary-treasurer, Mrs. Roland Bendel.

## Co-Hostess Party is Fun For All But A Hostess!

A co-hostess supper and bridge party Tuesday evening turned out to be a highly successful occasion for everyone except one of the hostesses. She was in bed! Mrs. Clyde Voorhees, who had planned the party with Mrs. Karl Nordvik, was taken ill and was unable to attend her own party. Mrs. Nordvik carried on with the hostess duties, however, and all the guests had an enjoyable time.

Those invited included Mmes. Allan Walton, James Logan, Ted Logan, J. V. Goold, Warren Gravestock, Irving Hird, Frank Katzer, Jack MacGregor, LeRoy Broun, William Katzer, Eugene Manning, Robert Moore, Dwight Thornburg, Blake Hill, Allan Hirsch, Lloyd Bailey, Stebler Loze, Lester Mann, E. M. Grimmer Jr., Allen Norris, Jack Stevenson, Alwin Searles, Merle Buehler, and Lyle Buehler.

## New Baby Girl

Mr. and Mrs. Orion Dunbar of Centerville became the parents of a baby girl, Karen Lynn, born Monday morning at the San Jose Hospital. The newcomer weighed 7 pounds 8 ounces at birth. The mother of the child is the daughter of Mr. and Mrs. Lavina Hayes of Centerville. It is their first grandchild.

## Localites to Attend The Big Game

Several localites will attend the Big Game at Berkeley this Saturday in a group, comprised of Mr. and Mrs. L. E. Bailey, their daughter, Anita, son, Norman (another son, Evan, will be in the Stanford rooting section), Mr. and Mrs. Jack Prouty of Mission San Jose, Mr. E. E. Olwell, and Mr. and Mrs. W. N. Box of Centerville. After the game, the group will motor down to San Jose to complete the day's festivities at the San Jose Country Club.

## Luncheon Guest

Mrs. Walter Connolly of Irvington motored over to Walnut Creek last Wednesday where she attended a luncheon give by Mrs. Julian Ramelli.

# MARLO TRIMS HAYWARD STARS IN 6-RUN RALLY

The Marlo Packers baseball team last Sunday staged a seventh-inning rally against the Hayward All-Stars, and walked off victors 9 to 6.

It was a game featured by a home run off the bat of Tony Sanchez and triples by S. Elizzery and H. Serbantes.

Going into the magic seventh, Manager Al Feriera's Packers trailed 6 to 3. Before the stanza was over, however, 6 runs had come in on 7 hits.

After that, Hayward was unable to score and the game ended 9-6.

## PUPPIES LOSE HEARTBREAKER

The Washington Puppies, in the preliminary, lost a heart-breaking game to the Santa Clara Kittens, 7 to 6.

The Puppies actually scored three touchdowns but had two of them nullified by penalties. The local lightweights scored their only official touchdown on a pass from Pagan to Left-End Bob Hernandez, good for 21 yards and a touchdown in the second period. The attempted conversion was wide.

Santa Clara scored their touchdown on a 6-yard sweep and went around the other end to score their extra point.

Moga, Pagan and Elizarrey were offensive standouts, while R. E. Miller, captain again for the night, played an excellent game backing up the line.

The Puppies also play the last game of the season tonight.

## NILES MERCHANTS IN EASY WIN, 9-1

The Niles Merchants ball club easily outplayed the United Auto Workers at Centerville last Sunday to win 9-1.

The Niles team made 13 hits to the Auto Workers' 6. Joe Peters pitched all the way for the local club, striking out 9 and walking 1. The only score for the visitors was on a home run. Frank Lewis played behind the plate.

First Baseman Pete Fracolli hit 3 for 4, one a 2-base drive. Jack O'Donald, left fielder for Niles, hit a double and a triple out of four times at bat.

### WIN BY DEFAULT

The Irvington Merchants baseball team has won many a game—but last Sunday was the first time it won without even playing. The Pacific States Steel team didn't show up at the Irvington diamond in sufficient numbers to play, so the game goes to Irvington on a forfeit.

### SILVER SALMON TAKEN

Trollers on Tomales Bay, Marin County, have been bringing in good catches of sizable salmon during the past week.

## FISH DERBY FUN, THO' FISH ARE FEW

Though the seas were rough and the head winds strong (so the fishermen say), the Kraftile Employees Fish Derby last Sunday proved to be a huge success, even though the fishing was nothing to boast about.

Sailing on the "Apache," by special arrangements made with Pat Riley, the Isaac Walton brotherhood cruised in the waters of Frank's Tract hoping for a big haul. There was a tie among 17 of the fishermen, however, for the low score of "No Fish,' while Jim Collins made the largest catch with a 15-pounder. George Smith came in for second place with a 5-pounder which also took honors as the smallest fish!

Those who participated in the derby, which the employees hope to make an annual affair, were George Smith, Jim Collins, Tom Robbins, Chet Weaver, Les Alt, Jeff Russell, M. E. Tyrell, Joseph Delgado, Roy Eacret, B. Lucas, Roy Davis, A. McClary, Matias Ramos, Pat Riley, G. E. Strong, A. Gray, Tom Elliott, Howard Overacker, and I. M. Frozen.

# Huskies in Top League Spot; Play Campbell Here Tonight

By LLOYD AUCHARD

**The mighty championship-bound Washington High Huskies rolled over favored Santa Clara High last Friday night, 14-7, bouncing the first place Panthers from the undefeated ranks. This places Jud Taylor's boys in a tie with Santa Clara for top listing in the hotly contested Santa Clara Valley Athletic League pig-skin race, with but one game remaining before each in this season of '48.**

Captained by fighting tackle Bob Lizardo and sparked by the beautiful running and defensive work of Joe Sankene, the Huskie squad put forth their best showing of all around teamwork so far this season.

The hard-charging defensive line and the great improvement in the Washington pass defense, with but one drastic exception, did what no other team in the S.C..A.L. could do—stopped the powerful Panther passing attack.

### ATTACK UNSTOPPED

The Mission City eleven had little success in stopping the Huskie running might. As soon as they began to slow down Washington's standard formation, they merely changed pace and switched to their newly christened A formation, of which the Panther defense apparently knew nothing or very little.

For the first time this season in seven games, the Huskies won the toss of the coin and elected to receive. Returning the opening kick off to their own 37-yard line, they marched down to the Santa Clara 16, only to fumble.

### TIGHT BATTLE

Both teams then settled down to a tight mid-field battle, until half-way in the second quarter the Panthers came to life long enough to fight their way down to the Huskies' 15, only to lose the ball on downs.

With but a minute left in the first half, both teams took to the air, first Washington passed, to have it intercepted by Santa Clara to their 25. The Panthers' attempted pass was intercepted by Sankene, who carried the ball back to their 22. Two last-second passes failed to break the scoreless deadlock, ending the first half.

### HEAVY PENALTIES

Taking off in the second half, the Panthers rapped off nine yards through the Huskie line, then became plagued with penalties which left them back on their own 25.

Wentworth, Santa Clara's ace passer, once again took to the air and once again Sankene snagged and brought it down to the opponent's 35. Four yards and a backfield in motion penalty put the ball on the 24. Sankene took off from there on a beautiful end sweep to pay dirt. He then split the uprights for the conversion, making the score 7-0.

### BACK TO WALL

Santa Clara immediately came to and began tearing off yardage through the Huskie line almost at will, forcing Washington's back to the wall. Then the locals recovered from their daze, making a magnificent goal line stand, halting the Panther attack on the 1½-yard line to end the third quarter.

They began to "see the handwriting on the wall" when, half way through the final period, guard Bernie Day set up Washington's second touchdown, recovering Santa Clara's fumble on their own 23. On two plays, Sankene went 22 yards to the one. Fullback Mel Lewis went over from there on a line plunge. Sankene again kicked the extra point to make the score 14-0.

### PANTHERS SCORE

The supposedly powerful Panther passing machine then made its only real showing of the evening, following the kick-off. Attempting pass after pass, Freitas and Wentworth, both quarterbacks and co-captains, completed four passes out of 9 tries.

Scoring their only tally on a smooth play, Wentworth hit Right End Wachola on a spot pass which he in turn lateralled wide to Halfback Gil who raced untouched into the end zone for 12 yards and a touchdown. Freitas made the extra point on the old-faithful quarterback sneak with but two minutes left to play.

### GOOD TEAMWORK

It would be difficult to single out any really outstanding player, with the exception of Sankene who, aside from his splendid pass defensive work, averaged 8.5 yards per carry from scrimmage on 19 carries.

Herring, Day, Duffie and Lizardo all played more than their usual defensive game, Bettencourt and Brazil were close behind in quality of performance. Gil Orozco played a near-perfect defensive game at end spot. Durazo and Lewis did well, sharing ball-packing chores with Sankene. Credit for an excellent job of calling plays goes to "work horse" Quarterback Les Kious.

### MEET CAMPBELL TONIGHT

Tonight the victorious Huskies return to Memorial Stadium to defend their newly won title against powerful invaders, the second place Campbell Buccaneers, threats throughout the season. This will be the final game of the season.

Santa Clara runs approximately the same risk of losing as do the Huskies. They vie against Los Gatos, who is tied in second place position with Campbell, this afternoon.

So, you see, the co-championship is far from in the bag for the Huskies and Santa Clara, though both teams are favored to win today.

# WASHINGTON STARS BEAT DALY CITY

**The Washington Stars, alumni football team, Sunday afternoon put on a gridiron show against a highly-rated eleven from Daly City that marked the peak of its season, which ends next Sunday. After a discouraging losing streak, the Stars ran up a score of 32 points against Daly City's 0... Except for penalties, two more touchdowns would have boosted that high figure. The game was played on the Washington High field.**

Washington kicked off and Daly City worked the ball downfield to the 30, where the Stars took over on downs. Ball-carriers Alex Bernard, Eldon Mohn and Weldon Pine marched the ball back 66 yards, aided by completed short passes, Bernard to Harold Alameda and to Hayden Freitas, to the Daly City 4.

Losing it on fourth down, Daly City took the ball and kicked after failing to move forward.

Washington went 39 yards to a touchdown. Mohn made the score on a hand-off from Bernard. Bernard's attempted kick was not good.

**ANOTHER TOUCHDOWN**

Bernard passed 13 yards in the second quarter to Harold Alameda, who took the ball to the 9-yard line. Then Bernard ran around end and into pay dirt for the second touchdown. Eldon Mohn converted, to make the score 13-0.

After receiving the kick, Daly City was forced to punt. Bernard passed to Flash Furtado, who scurried 52 yards to a touchdown. Mohn failed to convert. Score, 19 to 0.

**HALF-TIME, 19-0**

The third quarter fell into the pattern set, and after running a few plays with Bernard, Ruben Ramos and Milton Mohn carrying, Bernard passed to Norvell Peixotto to set up the next score. A pass to Furtado from 8 yards brought the fourth touchdown. Weldon Pine made the conversion good to raise the score up to 26 points.

**AND ANOTHER**

In the fourth, Daly City failed to make any sizeable yardage against the Stars' reserves. A pass, Bernard to Furtado, was good for 40 yards and a touchdown for the final score. The conversion went wide.

The game ended 32-0.

# HIGH CHATTER

By MARGARET COLE

Every week I become more firmly convinced that there's a lot more to writing a weekly column than meets the eye. Wednesday morning, when the copy must be ready, looms like the approach of doom. Looking over the items gathered, I find myself wondering "Who on earth cares about this and that." (No, don't tell me!) Being a peace-loving person it comes as a surprise to find yourself wishing that something wildly exciting would happen. When in addition you're confined to bed with every bone in your body shrieking defiance at flu germs and with the realization that you've spent only one day in school during the past week and so could not dig up any dirt, the outlook is pretty dim.

**The one bright spot is the memory of Friday's game with the Santa Clara Panthers. Those boys of ours surely are tops; muscles, brains and what spirit! Just consider how they rallied after the disheartening circumstances that put Danny out of commission! The victory of fourteen to seven over the unbeaten Panthers put that KEEN sports commentator in a class with the rest of the country's poll-takers and prophets. We did to Santa Clara what Truman did to Dewey so the KEEN man must eat crow too. Has anyone heard him venture a prediction on this Friday's game? Barring accidents and over-confidence, we have a very good chance of clinching the League pennant with a win over Campbell. If that's a prediction, make the most of it. They keep telling me here at home not to stick my neck out but, as Vivian Batman was heard to remark, "When you do this kind of thing you inevitably make mistakes. Say nothing about them but be sure to point out how often you're right."**

A-choo! Sniffle, sniffle! With that one went the memory of what I was going to say next. Small loss probably! At this point I begin to realize why column writers have guest writers. Used to think that they were doing the other fellow a favor by giving him a chance to get his burning message across to a long-suffering public, but I'm on to them now. They just don't have a single idea left, nothing seems worthwhile and they yield to a cowardly impulse to crawl into a hole and pull the hole in after them. So-o-o, isn't there one of youse guys or youse gals who would like to write a guest column? But soon!

Alma Clark's been a great help. She dropped in last night to "soothe the fevered brow." When she answered the telephone I heard her tell someone, "Sorry. Margaret can't come to the phone because she opened the door and influenza."

**I can remember reading what one intelligent character said about puns. He was "agin" them and intimated that punning was a suitable pastime for morons. Now, in my opinion, Alma's pun was the product of a very ready, natural wit, so I came to the conclusion that you can't believe everything you read and that the "intelligent character" was probably the originator of those moron jokes. In fact he may have been that very same moron who fell through a screen door and strained himself.**

Rambling on and on like this makes the title "Hi-Chatter" look pretty silly but, so help me, you all know better than I what's going on at school. It's torture to have to stay in bed and think of all the things you're missing. It's so much fun to see who is wearing what and who's strolling hand in hand with who and all that kind of thing. There's a compensation, though, in being absent from school. I find now that I love my teachers, love my work, love you girls and love you boys, especially—what am I saying?

**Well, g'bye. Now I can go back to my book with a clear conscience. It's a darn good book and I was enjoying it until my mother came by and suggested that I make a book report on it.**
